Honorable Judge,

Much like many other citizens in this country, and an owner of a small business, I am very concerned about the outcome of the federal Government proposed settlement with MS.

This shame full settlement SHOULD NOT BE APPROVED. Approval of it, would lead to ONE COMPANY, ONE MAN to decide which promising technologies would live or die. This proposed settlement clearly does not serve the consumer's interest.

By all mean, your honor, Please, reject even the thought of approving it, and help restore the healthy competition in US marketplace.
